New Luxury At Chapman Cottage!

Recently Opened August 3rd, 2012

This past June marked another milestone in our innkeeping history with our purchase of The Chapman Cottage. Immediately adjacent to our Harbor Crest Inn, Chapman Cottage is now our premier Luxury Property offering 7 spectacular, large guest rooms, many with

Many Room With Fireplaces, Decks, Jacuzzi Tubs

fireplaces, large spa baths, outside decks and king beds. We completely redecorated all of the guest rooms and common areas. Four guest rooms are on the second floor and three with private decks are on the third floor. All have large, flat panel T. V.'s, Iphone/Ipod music players, and upgraded linens and furnishings. The main floor has a beautiful, cozy fireplaced living room for all guests, lovely fireplaced breakfast room, and **Dining Room** for small banquets, meetings and receptions complete with **Private Bar** and **Taproom**! With its sister property- Harbor Crest Inn right next door,

small groups, families, wedding groups and business groups now have the opportunity to take over one or both buildings for a very luxurious, comfortable getaway, gathering or meeting. Additionally, we are very happy to announce that our **Concierge Paul Gagnon** has become the "**Innkeeper in Residence**" at Chapman Cottage! Paul is there much of the time to meet and greet you and assist you with your vacation planning if so desired.
